

THE CREAMIEST HOME-BAKED ICE CAKE...

I bet you can...

I send you the same mouth-watering cake I bake at home...

What Makes our Cake So Special?

Here are the solid reasons.

- One hundred percent homemade ingredients.
- We use flour that comes from rural agricultural land. Full of nutrients, with no mixture of flawed substances.
- We get the Milk from our cow farm. We preserve that Milk to form cream, then use in baking cakes.
- We make Baking powder with a combination of tartar cream and bicarbonate soda at home.
- All Eggs come from 3 dozen hens we bred in our cow farm.

You can imagine how this cake would taste with these nutrient-rich ingredients...
